

About the Oxo Tower Wharf's Bargehouse

Bargehouse is an exciting space in London's lively South Bank and Bankside areas. A vast, untouched five-storey building, in its raw state, Bargehouse is often transformed by creatives for unconventional exhibitions, immersive performance and interactive events. Bargehouse has a range of different spaces, each offering unique features and quirks. Rooms can be used on their own or in combination, depending on event requirements.
